Avias seay "Show 'em"

Yo I had to do this one for my ladies yo

I know it's some good ladies out there in relationships  
with rotten men

I don't even got to know yall personally but if yall can  
relate to this song

Then relate shit

Verse1:

Your pressure to the roof you done been to good  
Showed him finer things in life packed up left the hood  
Never ask for too much always rather give  
Clean this dirty nigga up showed him how to live  
Then one night left his celly at home  
Females blowing him up like damn yo this wrong  
Then to top it off you find a pink thong  
Knowing this aint yours his mistress who owns  
You confronted him like real woman do  
That he a dog... don't deserve you  
His family came in to take his side  
But you always been real... nothing to hide  
His mistress hating so she slashed yo tires  
His family curse you out calling you liars  
But what they don't know is that you missing a couple  
wires  
Cause you got a temper that bring out that fire

Chorus:

They think they doing something, they think they got  
you  
But you playing with a nice full deck of cards too  
They don't want to see another dark side of you  
Your alter ego bad and ready to make a move  
YOU WANNA SHOW EM HOW BAD HOW BAD YOU ARE  
YOU WANNA SHOW EM HOW BAD HOW BAD YOU ARE  
YOU WANNA SHOW EM HOW BAD HOW BAD YOU ARE  
THEY WANNA SEE HOW BAD HOW BAD YOU ARE

Verse2:

Dressed up to go out with you mean mug on  
Aint worried about that nigga you left his ass home  
Need to be washing dishes out mowing the lawn  
Cause you got something for him by the end of this  
song

You a layed back girl don't press for the drama  
But they all trying you like even his momma  
Talking bout yo kids and what you don't earn a  
It's all find and dandy they gone learn a  
Not to mess with you cause you to your end  
And tired of the drama need a new friend  
So you wanna start flirting in this club  
Then you think about his sorry ass and love  
So then you don't flirt night moving along  
Pull up to the apartment figure 8 shown  
All through your window like what is he on  
His mistress inside your house pink thong

Chorus: (2X'S)

They think they doing something, they think they got  
you

But you playing with a nice full deck of cards too  
They don't want to see another dark side of you  
Your alter ego bad and ready to make a move  
YOU WANNA SHOW EM HOW BAD HOW BAD YOU ARE  
YOU WANNA SHOW EM HOW BAD HOW BAD YOU ARE  
YOU WANNA SHOW EM HOW BAD HOW BAD YOU ARE  
THEY WANNA SEE HOW BAD HOW BAD YOU ARE
