Verse1:

Dear listener my name is avias yes avias seay  
Born lakeland fl wasn't raised in no streets  
Mom was a single parent doing all that she could  
Never asked for too much if I did she would  
Give me no reason to want to indulge in sin  
But as you grow older it's like you meet new friends  
Can't find a job, life passing me by fast  
Never come in first place somehow end up in last  
My body heavy with sins yo um bout to explode  
How in the freak I end up on this lonely dark rode  
Something gotta give yes something got to go  
What am I missing I don't even know

Chorus: So I phoned up a friend and told her where do I  
start

Cause I found out what's missing and yes surely it was  
god

She told me friend don't worry with an open heart  
Told me look inside and search your heart for lord

So I told her okay yes yo, gotta let satan go  
Life passing by fast, even though seems like it's slow  
I gotta live for my master above, and not here satan  
gets no love

I had to take a break in life, got everything right and  
came back tight

Praiseeeeeeee "yea"

Praiseeeeeeee "yea"

I told them old friends heck no, gotta let myself go  
Stepped in the word of god, gotta let my soul grow  
Yes this something you should know, rapping sin never  
no more

And yes I'm saved by god... and not doing this for a  
show!

Tired of wearing... baggy old clothes  
My new friends don't drink so don't send me in stores  
Um serving god almighty cause it's me that he chose  
Um gonna get mines and you gotta get yours

This is a.v.s christian muzik

Man I don't know it's like my life turned upside down...

Verse2: what's a rich man if he gain the world  
Lose his soul to hell for a diamond or pearl  
I'm looking forward... to eternal life  
And I have faith in god something you should have  
"aight"  
Know I done a lot of bad things throughout life  
Jesus died on the cross went through pain and strife  
That's why I'm trying real hard to get it right!  
It's a new avias out um changing day from night

I refuse to let my soul go low... you reap what you sow  
Life is very precious yo... um treating it like it's gold  
God working with me... I want him to mold  
Me how he want me... so he can make my soul grow
