We in a spiritual war

Yall want to know how the angels and demons work

Verse1:

"THE DEMONS"

How they work is when a person have a thought in their head

You know like thinking about shooting on the streets
people dead

Or when a person thinks about how much they really hate you

Or a child that's getting abused or when somebody use
An innocent person demons lurking everywhere

Um talking people in this world that's not giving a care

Like when murderers murder or when robbers steal

We need something yes I call god to make our wounds heal

"THE ANGELS"

What they do is message to you from god

Heal all your wounds and give you a restart

Like when you hit the lotto or when you pass a class

Like when you married happy or your plane never crash

Angels send your prayers message it back to god

Only come through jesus christ reach him the pure of heart

Flying all over citys healing greatness of sickness

And casting out demons cause with angels they get the business

"THE DEMONS"

The demons meant it for the bad the angels meant it for the good

It's a devine line between what's a lie and what's understood

They out to collect souls in this crazy life game

And drag them down to hell that's satans number one plan

"THE ANGELS"

Repair all the damage put something good in sinners heart

Drag them inside the church gates out a life that's dark

They out to win souls let me put you on some truth

The wish heavens gate eternal life and yes just for you

God is the creator we are just some of his models
Like he is over our lives like monopoly game so solve it
It's only two places to go and they not here on earth
It's either heaven or hell you tell me which one is worth

Stop going to the clubs tell the partys you can't go
Don't drink satans liquor if you did then you should
know

It's all just a cult something to bring you down
Own up to your sins and let god turn you around

Chorus:

I'm never gonna dance again
Guilty feet had got no rhythm
Though it's easy to pretend
I know your not a fool
I should've known better than to cheat a friend
And waste a chance that I've been given
So I'm never gonna dance again
The way I danced with you

I'm never gonna dance again
Guilty feet had got no rhythm
Though it's easy to pretend
I know your not a fool
I should've known better than to cheat a friend
And waste a chance that I've been given
So I'm never gonna dance again
The way I danced with you

Verse2:

"THE ANGELS"

Are awaitng your deliverance so give the dancing up
Yes no more sexual sins no more drinking gin cups

"THE DEMONS"

Waiting for you to slip got you stubborn about leaving
Don't want you connected to god so it's heaven you
wont be seeing

But god got a big plan that's why he the number one
man

You listening to this song is just the beginning
Don't let your past consume you it's time to give it up
You were lost now you found yo never again stuck
See it's a spiritual war going on you can't see
We got a shield over our eyes with your heart you
should seek

Demons out doing dirty work angels converting before
we outta time

Satan desire you die without god you'll never shine

Just live with your heart and not with your mind
Demons attack in your thoughts don't never be blind
Do un-to others like done to you
Put ten percent in church
You blessed times two
Demons want you in hell
Angels want you in heaven
Demons favorite number 6
Angels focused saving 7
It's good and evil a war going on now
Just ask for guidance god will show you how

Live by the word of god there's no other way to live
If someone need a ride some food then surely give
This a hectic world we in find a fool or kill a friend
Bad mixing with the good satanic trying to trend
Angels are here to lead and guide
Demons are here to kill with pride
Angels are here to open your eyes
Demons want you hit by surprise
Angels are here to help us more
Demons are just here for the war
But nevermind yo that is the truth
And I don't dictate your life so just do what you do
But when you on the wrong track remember in your
head
You wondering what's going on it's a war that's all said

Chorus:

I'm never gonna dance again
Guilty feet had got no rhythm
Though it's easy to pretend
I know your not a fool
I should've known better than to cheat a friend
And waste a chance that I've been given
So I'm never gonna dance again
The way I danced with you

I'm never gonna dance again
Guilty feet had got no rhythm
Though it's easy to pretend
I know your not a fool
I should've known better than to cheat a friend
And waste a chance that I've been given
So I'm never gonna dance again
The way I danced with you
