avias seay

verse1:

When I first met you we were taking trips
dolce and gabana bags packed up we left home
and took a fresh breath to adventure on
my life was so happy knowing you was around
used to take a night off sit out in the park
kissing under street lights in the middle of dark
but somewhere and somehow its like your love had
changed
youre so disgusting to me please change your last
name

chorus:

now
now i
now i can
i can see
cause now
now i
i can see
i can see your true colors baby

verse2:

then you wonder why i act like i dont know you
dj: hold on avias stop the track
avias da rap nemesis
bring that shit back

then you (10'Xs)

then you wonder why i act like i dont know you
i was just being real only just trying to show you
how much i love you but i guess this was too much
your love isnt love im miserable and such
your colors was pretty now they turned grotesque
and your family is you already know the rest
i need a new life i need a new start
cause we both just aint happy its time that we both part

chorus:
now
now i
now i can
i can see
cause now
now i
i can see
i can see your true colors baby
