Intro:

You vs me

Verse1:

Okay I step off in this party and I made a grand
entrance

I got the whole crowd in front of me in a trance
When they saw me they fell in love instant romance

Clean shades nice shoes blue true religion pants

I'm so fly...

And I'm so clean...

My expression a mean mug when I step off in the scene

I'm so conceited that I'm full of myself

My being so fly till it aint nothing left

Chorus:

I'm so fly... I'm so clean...

I'm conceited to the max do you what I mean

I'm so high... like a dope fiend

Um high off my swag do you know what I mean

I'm so hot... you so not

Dis what I got... um all I got

Gone drop the top... money got a lot

Ego bout to pop... you a drop shot

Verse2:

When you rode through hood your car was just blazing

The whole crowd saw you looking amazing

Then you had them haterz standing off the block
hating

Nice rims new tims naw let me rephrase it

You so fly...

You so clean...

Fit matching your whip when you riding through the
scene

You so conceited that you full of yourself

Your being so fly till it aint nothing left

Chorus:

You so fly... you so clean

You conceited to the max do you know what you mean

You so high... like a dope fiend

You high off your swag do you know what you mean
You so hot... I'm so not
You what you got... you all you got
Gone step out... money got a lot
Ego bout to pop I'm a drop shot

I'm so hot when I step off in the scene
You so hot when you step off in the scene
I'm so hot when I pull up clean
You so hot when you pull up clean
We so hot...
They so hot...
We super fly beings and we all we got
You gone see
I'm gone see
We so clean yo "you vs me"
