You niggaz wanna kill... one shot yall niggaz through
So bring it to ya boy... I aint wasting time

Verse1

In the club a nigga chilled... you wasn't looking so fresh
You saw a nigga jazzy... you saw me looking my best
You stayed in yo lane... even though you was hating
I looked so fly nigga you shouldve been congratulating
Knew that you had no reason to bring on some beef
So you made a lie now the rest we gone see
I never bumped into you that wasn't my style
You had you click but mines by far beyond wild
I aint faking with you nigga- I. AINT. NO.CHILD
You a lameeeeeee I aint for the gamessss
We outside now so lets get it down
Uma show you how a nigga fade from L town

CHORUS

Verse 2

Now that we fighting ima give it my all
First one to land a hit last one that's gonna fall
You never heard about me never knew what was within
One hit now you out it's time to attack your friends
And this is the begin nigga there is no end
Or ends! to tha turmoil you in some deep shit
Or should I say this nevermind nigga you dismiss
But my fist aint stopping my rage gotta see
Who gone win this title- who is it gonna be
Cause you came full force you gone remember my
name

This aint no fuking bullshit this aint fucking game
Tame aim as I bring the pain adding fuel to the fire and
nigga um the flame

CHORUS

Verse 3

Now victory has begun who fell you last oneeeeeee
It's my priority- it is my duty

No faking with you dawg I'm ready to move on to it
You lost the fight you thought you shouldve won or
ought
Better off in your lane this nigga aint no game
Other rap fighting shit is lame it's amazing how
industry changed
I'm moving on to the next party scene
No grilling is the no niggaz acting mean
Cause they heard in the streets it's me they cannot

It's time for em retreat more fire blazing heat
You dirty I am neat my vengeance I will seek
Fight fair and do not cheat yo lip bust nigga you leak
CHORUS 2 x's
