Skit: wassup mister avias you can call me rabbit
So you ready for wonderland Yes! you can have it
Just follow me down through around this small hole
And your life a real true lesson of a star will unfold

Verse1:

Soon after this he said I entered wonderland
Two niggaz was selling dope I can touch it with my
hand
They say you got to make a profit nothing in this land is
free
But I never made a stupid mistake unless it's for family
Trouble never followed me but I always monitored it
Can't walk through life blind that's just not avias kid
So I stumbled upon a catipillar on a shroom
Told the two niggaz head boss yall are headed for
doom
Catipillar looked at me said you blind yo you see
It's your mother running things the queen of hearts yes
we
Have to answer to her goddamn a you brilliant
And this land of wonder you make it really thrilling
Never once in my life did I know someone so bright
That's why these two knuckle heads selling for me all
night
And yes this all I do is sit on my shroom
But with you being head boss I think there's enough
room
Nah nah moving on was day now it's dawn
And I'm looking at these daisys that you got on your
lawn
My sexual appetite got me really craving real stuff
And I love girls that sing them daisys I can't get enough
So I asked him what's up next he told me you got
another check
And your mom looking for you so she bout to chop
some necks
I asked him where to go he gave me map said I don't
know
Nigga this is your land and you acting really slow

Chorus:

Yall see I was just at home another day another song
Then I saw a rabbit appear with a clock hopping along
I said where are you going then my day took a wierd
start
He told me follow him into a hole that's really dark
I said yes here I come but where is it that were going
He said avias into wonderland stop acting like you not
knowing
This yo life this yo land and I'm just here to guide
You into a world of mystery somewhere that you reside

Verse2:

Now my day aint getting better and I'm mad as a hatter
Cause I'm in wonderland and don't know where to
straddle
I got to make it to momz crib yes 300, 000 and up
We always pulling in checks like catipillar said dats
wassup
Hanging out with my friends done drunk many bottles
day bout to end
Need to find a route home cause it's money to be spent
So I need directions but I keep getting stopped and
talking
My feet ready for adventure so I simply keep walking
After a mile I give in shrug my shoulders feeling the
end
Until I see a smiling cat saying hello wassup friend
Damn you looking really clean in yo chucks with yo
swag
You da best yes the besties wonderland ever had
This I cheezed and was glad but a question popped in
my head
I said I'm looking for the red queen you know my
mother yeah
He said oh she upstairs handling business with the
boyz
Yo mama making millions everyone else fisher price
toyz
She was asking where you was sent message out cross
the land
She yelled off with their heads and even some took
their hands
So I said no need to worry moving along I'm in a hurry
Got to cash that check then go on me a derby
The cat pointed out the way seen mom house stand big
as day
Then I stepping inside she said son greetings sup hey
Then she gave me my check cause she knew I was the
man
It's simply another day avias in wonderland

Chorus:

Yall see I was just at home another day another song
Then I saw a rabbit appear with a clock hopping along
I said where are you going then my day took a wierd
start
He told me follow him into a hole that's really dark
I said yes here I come but where is it that were going
He said avias into wonderland stop acting like you not
knowing
This yo life this yo land and I'm just here to guide
You into a world of mystery somewhere that you reside

VERSE3:

So I took the check and cashed...
(Got a call to my phone)
I done hopped in da beamer...
(Hell yeah been left home)
They said a tea party start at 11 yo I'm on
And it's not for the kids but yes entry if grown
Put the petal to the metal burnt rubber call what you like
Gotta make it to this party and yes I got the blacks
Popping bottles of champagne suited up yellow white
Still rocking chuck taylors authentic signature right
To the left v.l.p room lots of daisy soon
And I got a glock loaded and arrive my real true goons
Out of no where heres the rabbit this his land and yes I
had it
Then I see him running away I'm waking up to another
day
Realized it was a dream so I'm all over it now
No I'm not facing wonderland but yes truly I town
I realized that this mystery yes it now was solved
Staying in the suburbs yessir I rule it all
Wonderland wasn't so bad but honestly I see
Wonderland I am living in the dream is really about me

Chorus:

Yall see I was just at home another day another song
Then I saw a rabbit appear with a clock hopping along
I said where are you going then my day took a wierd
start
He told me follow him into a hole that's really dark
I said yes here I come but where is it that were going
He said avias into wonderland stop acting like you not
knowing
This yo life this yo land and I'm just here to guide
You into a world of mystery somewhere that you reside
