### Intro

New ra-ppers be aware avias is home  
Ta-king over the rap game ohhhhhhhh

### Verse1-

Yall niggaz so funny getting fame for the garbage  
I'm back to claim my title so pay a nigga homage  
Yall rapping so slow at a pace of zero  
Talking cash cars and girls now we all know the pro  
Avias seay saiva yaes or just call me da nemesis  
Every rap bar yall start I'll be the one to finish it  
First off I don't hear yall niggaz even spitting bars  
My rap game so futuristic spit like I came from mars  
Like katy perry said you are an alein  
Cause I'm breezing through fake mc's take major  
lessons friend  
And I don't rap for my health cause I'm bringing in a  
trend  
Rapping real life shit not money to be spent  
Catch yo breath real quick before you run out of time  
This coming straight from a mentally twisted mind  
Wrap my arms around you sorry you tried but failed  
Like ursula give up the title sign your name destinys  
filled  
Destiny is the fact that I can rap way better than yall  
Everything I wear fresh yall sporting crusty drawls  
And they say wheres remorse avias but every built  
tower falls  
I aint leaving one rapper excluded this go for alls  
I try hard not to address a hater but everyone come  
with balls  
So we have a rap battle what's up next MALLS  
Cause I got get my money anyway you pay it out  
And lame rappers rap I take the title home no doubt  
Bet 20 30 40 and I'll rap a hater up  
And when I spit these bars everybody gotta duck  
And it's gone me some real music never like that dude  
suck  
All haters falling off my back like a tonka truck  
Polk county what I'm repping if you wit me gone and  
step in  
Before the band wagon leave you cut you off like dead

ends  
I reside in the suburbs take lessons from a pro  
Google me avias seay da rap nemesis oh you didn't  
know  
Niggaz please
