Chorus: what you looking for girl (2X's)
Step inside me get a dose of my world
I come equipped with everything you like
Just tell me where you at I'll be on the next flight

Verse1: girllll um ready for you! You my queen of hearts
With that you knew that I got love for you and I'm digging your style
Come play cards with ya boy or relax out for a while
Just look inside of me tell me what you see I bet it's the love for you and our family tree
Inside of you inside of me no inside of you it's something I see
Love for ya boy so I can guarantee that we gone be together for a while and that's the T
Inside of love inside of we I'm ready for ya girl to take over me
My heart is blazed and feeling so great
Even when you in the bed and the love we make
Even when we sharing dinner off the same plate
Even when I'm at my friends house and show up late
You love me girl cause you know um yo boo, now give me much love and that will prove

Chorus: what you looking for girl (2X's)
Step inside me get a dose of my world
I come equipped with everything you like
Just tell me where you at I'll be on the next flight

Verse2: love is something ya boy passionate about
I want to take a cruise come travel down south
I want kids with ya girl aint no stopping me now
No breaking each others hearts girl come on how
Can you say no to me cause you liking my style
Every kiss that you through then um going a mile
Inside of you cause you worth every inch
Girl inside of me you should see marriage and
Not another male groupie but something like a friend
Step inside my world cause you will not come back
I'll have you in bliss with riches and stacks
