He was working at the record shop
I would kiss him in the parking lot
Tasting like cigarettes and soda pop
17

He would tell me I was beautiful
Sneaking in the neighbor's swimming pool
Yeah, he taught me how to break the rules
17

Hey, those days are long gone
And when I hear this song
It takes me back

We were on top of the world
Back when I was your girl
We were living so wild and free
Acting stupid for fun
All we needed was love
That's the way it's supposed to be
17

Stealing beers out of the trailer park
Flicking lighters just to fight the dark
My favorite place was sitting in his car
17

We laid a blanket on the roof top
That time I knew I wouldn't make him stop
The nights were cold but we kept 'em hot
17

Hey, those days are long gone
And when I hear this song
It takes me back

We were on top of the world,
Back when I was your girl
We were living so wild and free
Acting stupid for fun
All we needed was love

That's the way it's supposed to be

We were running red lights
We were going all night
Didn't care about anything
We were living our dream
It was you and me
And we were 17

17, 17

I remember what it felt like
Just a small town kind of life
If I could only just go back in time
17...

We were on top of the world
Back when I was your girl
We were living so wild and free
Acting stupid for fun
All we needed was love
That's the way it's supposed to be

We were running red lights
We were going all night
Didn't care about anything
We were living our dream
It was you and me
And we were 17
