[Verse 1]

You come on over, then start, askin me,  
'Hey girl, you wanna dance?'  
I try to say no, but it came out yes and,  
Here it goes, middle of the dance floor,  
We're both, pretty nervous, I can tell by look in his eyes,

[Chorus]

5,4,3,2,1!  
New years!  
Everybody shouts, and here it goes,  
I wanna see it flow,  
The camera was focused on us,  
You blushed and turned away,  
I kissed you on the cheek and ran away,  
5,4,3,2,1!

[Verse 2]

My All except for one,  
At the sleepover, you showed right then,  
All me,  
You have, roses in your hand,  
Gave em to me and whispered,  
Payin you back,  
Then, all the girls  
Started to get that feeling...

[Verse 3]

Then they shouted  
5,4,3,2,1!  
Here it goes,  
then he kissed me on the cheek and said,  
Just remember this day, Later on in your life,  
You'll recall this day, and wonder why,
