Uh uh, Uh uh oh  
Uh uh, Uh uh oh

Hey man  
Tell me what were you thinking?  
What the hell were you saying?  
Oh come on now  
Stop and think about it  
Hey now  
Maybe you should just listen  
Maybe you should stop talking for a second  
Shut up  
Listen to me

You're so obvious  
You're so oblivious  
And now you wonder why you're the one alone  
So don't apologize  
And you don't even realize you screwed it up this time  
Now you're the one alone

Uh uh, Uh uh oh  
Uh uh, Uh uh oh

Hey bro  
I'm just trying to let you know  
You really think that you're special  
Oh come on now  
I've seen so much better  
Hey there  
Did you actually think that I cared?  
Don't know if you want to go there  
Oh come on now  
Keep on, keep on dreaming

You're so obvious  
You're so oblivious  
And now you wonder why you're the one alone  
So don't apologize  
And you don't even realize you screwed it up this time  
Now you're the one alone

If you, want to, be my uh uh oh  
You know, you can't, play games  
And you know what I mean  
I'm sorry but you don't get my my uh uh oh  
I'm gone, you're still dreaming about me  
Over and over and over and over again

You're so obvious  
You're so oblivious  
And now you wonder why you're the one alone (you're  
the one alone)  
So don't apologize  
And you don't even realize you screwed it up this time  
Now you're the one alone (alone alone alone)

You're so obvious (obvious)  
You're so oblivious (oblivious)  
And now you wonder why you're the one alone (you're  
the one alone)  
So don't apologize (apologize)  
And you don't even realize you screwed it up this time  
Now you're the one alone

Uh uh, Uh uh oh  
Uh uh, Uh uh oh

Uh uh, Uh uh oh  
Uh uh, Uh uh oh

Alone.
