Let me go right now or i'll scream  
Yup you know that i'm not your bitch  
Remember the day you told me that i look like a witch  
Will guess that witch is up in your friggen face  
So now take your ass down and shut the hell up  
I'm not in the mood to listen to your crap

Maybe right now it will be time to wrap you around  
Just cos you save me doesn't mean a thing oh oh

You wish i would call you a hero  
Your not my hero nope i got better  
You wish i scream out loud and say  
You can be my hero today and the day and friday  
You wish you can be my hero

Let's get thing right yah  
My name is not April is Avril dumbass  
Can you listen is not April is Avril with a v  
Can i explain or you gonna blow me away  
Please tell me something that i don't know anyway  
My life is getting cold like a pizza in the oven

Maybe right now it will be time to wrap you around  
Just cos you save me doesn't mean a thing oh oh

You wish i would call you a hero  
Your not my hero nope i got better  
You wish i scream out loud and say  
You can be my hero today and the day and friday  
You wish you can be my hero

You wish you were my hero you wish  
You cannot be my hero nope i got better  
But you told me that you knew my precious secret  
Maybe right now it will be time to wrap you around  
Just cos you save me doesn't mean a thing oh oh

You wish i would call you a hero  
Your not my hero nope i got better  
You wish i scream out loud and say  
You can be my hero today and the day and friday

You wish you can be my hero

You wish i would call you a hero

Your not my hero nope i got better

You wish i scream out loud and say

You can be my hero today and the day and friday

You wish you can be my hero
