I saw you last night down at the mere
I saw your hands were playing gently with her hair
I see you and I, in my mirror
I close my eyes and wish that you could be here

PRE-CHORUS

It's my fantasy to have you holding me, baby
I'm going privately crazy, do you know
What you do with me?

CHORUS

Stay, make my blue moon bright for a change
Make my dreams end right, don't stay afraid
Be the one

Get out of my head, get into my heart
Be for real, are you fictional or real?
I made up this lie, I made up this life
When I'm alone it's like you're right here by my side

PRE-CHORUS

It's my fantasy to have you here with me, baby
I'm going privately crazy if you came
I know just what I'd say

CHORUS

Stay, make my blue moon bright for a change
Make my world turn right, don't stay afraid
Be the one

It's my fantasy to have you all to me, baby
I'm going privately crazy
Do you know what you're doing to me?

CHORUS

Stay, make my blue moon bright for a change
Make my world turn right, don't stay afraid
Be the one
