the morning is O.K. if I wake up lying next to you  
but mostly of the time ur away  
ur probably cheating on another girl  
and not even thinking of me

oh boy oh boy I look in ur eyes  
oh boy oh boy and I realize  
oh boy oh boy  
i look in ur eyes and the morning is alright

but I know that I love you  
and I can't let you cheat on me  
ur probably gonna say that i'm too young  
but I know what to do  
and i'm making this decision  
i think i'm better off alone

how can you cheat on a sexy young lady  
who knows what to do when ur around  
you know that i'm against it  
and hate it when you leave me  
but I love you the bits  
but i'm not up for it

oh boy oh boy I look in ur eyes  
oh boy oh boy and I realize  
oh boy oh boy  
i look in ur eyes and the morning is alright

but I know that I love you  
and I can't let you cheat on me  
ur probably gonna say that i'm too young  
but I know what to do  
and i'm making this decision  
i think i'm better off alone

when you'll say that you'll be home for 10 PM

that don't mean in my eyes 7 AM  
[you know i'd liked to know wich bar you've bin at  
but I know you'll never tell me cuz you've got no respect  
ur too lazy to get ur ass off my parents couch

but then I say you wanna beer  
than ur always up for that.  
you just can't get enough  
and you think you can handle it with just one touch  
but I know better let you know  
that i'm better off alone  
so please think again  
because this is the end

but I know that I love you  
and I can't let you cheat on me  
ur probably gonna say that i'm too young  
but I know what to do  
and i'm making this decision  
i think i'm better off alone

but I know that I love you  
and I can't let you cheat on me  
ur probably gonna say that i'm too young  
but I know what to do  
and i'm making this decision  
i think i'm better off alone

but I know that I love you  
and I can't let you cheat on me  
ur probably gonna say that i'm too young  
but I know what to do  
and i'm making this decision  
i think i'm better off alone
