uh-uh fart like this  
uh-uh uh-uh thats the way i fart  
so just fart like this

hey man, whatcha lookin' at  
sit down, it will come out soon  
and if you could only let it be  
you will see it  
i hate the stupid way it sounds  
when you have to take a crap  
and your talking to the person in  
the next stall

someone trying to  
just remove poop  
but its being held back  
and I cant relax  
Im trying to get through  
but I cant because you see  
tell me

why'd you have to go and make me so constipated  
i see the way your puttin' ex-lax in my food gets me  
frustrated  
It hurts like this  
cause you try,  
and you die,  
'cause it dont,  
go to the bowl  
but it dont come out now  
easily  
this would be  
if i had watched you

Days pass, and the pressure mounts  
i don't think, that a wet fart counts  
that poo's hard and very fat you see  
it's makin' me  
yell out when i move my bowels  
surely, you have heard the howls  
you know, i'm not dropping anything

when it's become

something that's round, and big and brown  
i'm hurting my crack, i need some ex-lax  
i'm trying to pass a stool, the size of a pool you see  
help me

why'd you have to go and make me so constipated  
i see the way your puttin' ex-lax in my food gets me  
frustrated  
It hurts like this  
cause you try,  
and you die,  
'cause it dont,  
go to the bowl  
but it dont come out now  
easily  
this would be  
if i had watched you

Give up, watcha pushing for?  
Sit back, we've all been bunged before  
and if you could only stick with pee, you will see

something that's round, and big and brown
