(Hey yeah)  
(Oh oh, oh oh, oh-oh-oh)  
(Hey yeah)  
(Oh oh, oh oh, oh-oh-oh)

Now I will move, my little self on  
It won't be, very much longer  
Ve-ry soon, he will find me  
I know this, because I be-leive

If I get, to know myself better  
I will be, a little bit stronger  
I won't forget, everything you told me  
Yeah I miss, the way you'd hold me

The word you told me

Things happen for a reason  
You'll become a stronger person  
When life tears you up  
Then you'll understand

It's never easy  
But you know when you get there  
As it tears you down, it builds you up  
Well it build you up

Some girls fall  
Just like I did  
They break our hearts

Get yourself up  
Strut along further  
XXX  
My advice, you can do better  
Just say "whatever"

Things happen for a reason  
You'll become a stronger person

When life tears you up  
Then you'll understand

It's never easy  
But you know when you get there  
As it tears you down, it builds you up  
Well it build you up  
It builds you up

Well you said you would love me forever  
Well bla, bla, bla, bla, bla, bla, bla  
You should maybe watch what your saying  
What, what, what

Things happen for a reason  
You'll become a stronger person  
When life tears you up  
Then you'll understand

It's never easy  
But you know when you get there  
As it tears you down, it builds you up

Things happen for a reason  
You'll become a stronger person  
When life tears you up  
Then you'll understand

It's never easy  
But you know when you get there  
As it tears you down, it builds you up  
Well it build you up  
It builds you up
