you say that all the boys you met
were dirty psychos or too fat
and when you saw me you believed
that Im the first one who could fit
in all your dreams

you wanna talk to me
walk with me
just look into my eyes
whats in your mind said and done
wont happen save your tongue

I just dont want to be with you
theres simply nothing you could do
to change my mind
to make me wanna sleep with you

you got the cutest ass in town
and your eyes shine in deepest brown
but there is one thing that I miss
its called the one and only kiss

I just dont want to be with you
theres simply nothing you could do
to change my mind
to make me wanna sleep with you

dont say you love me
dont say you need me
dont waste your time on me
dont say you want me
your sexuality
has no effect on me

I just dont want to

you could dance on the table
you could strip your little ass
do whatever you want
but I will never fuck you
