From the very first shutter swing,
My window would be the clean one and
This town was my mountains peak
And as tears start to fall, Well I
Thought I knew it all and how this
Home scent lost it's sense of
Sweet.

With legs like pillars
At the shore of the scene, my
Scroll lies open for all to see.
With a pick and a tune, oh, I'd
Outline the darkness if asked by
You.

And I swore I'd give you
The key to my most tiniest locket,
Where I store my most deviest
Secrets you can find in most
Pockets.

You never told me your
Maiden name was misfortune in the
City of lust with the most
Poisonous news. So excuse me if
My speech is slurred, I'm slightly
Less woosy in a place so
Inserting.

With legs like
Pillars at the shore of the scene,
My scroll lies open for all to
See. With a pick and a tune, oh,
I'd outline the darkness if asked
By you.

And I swore I'd give
You the key to my most tiniest
Locket. Where I store my most
Deviest secrets you can find in
Most pockets.

Come on, let's
Go, let's get this party started.
Come on let's go, let's get this
Party started. come on, let's go,
Let's get this party started. come
On, let's go, let's get this party
Started.

And I swore I'd give
You the key to my most tiniest
Locket. Where I store my most
Deviest secrets you can find in
Most pockets.

(And I swore
I'd)
