Perfect definition of a conscious mind
Can lead to troubles of all sorts and kind
You're a sweet talker by definition
And a heart breaker in the encryption

Time with you

Your eyes are as bright as the sunrise
But your life shines through with no surprise
You're the only reason
Why my heart is still beating
... speaking

Fighting drives...
Can lead to ideas and much inside
You're a sweet talker by definition
And a heart breaker in the encryption

Time with you

Your eyes are as bright as the sunrise
But your life shines through with no surprise
You're the only reason
Why my heart is still beating
... speaking

Your eyes are as bright as the sunrise
But your life shines through with no surprise
You're the only reason
Why my heart is still beating
... speaking

And you will never change your mind
And you will never change your mind
And you will never change your mind
And you will never change

Time with you

Your eyes are as bright as the sunrise
But your life shines through with no surprise
You're the only reason

Why my heart is still beating
... speaking

Your eyes are as bright as the sunrise
But your life shines through with no surprise
You're the only reason
Why my heart is still beating
... speaking
