This current's slow  
But it's strong enough to make you choke  
I'm sorry but I'm gone  
A year of waiting is far too long  
The things I want the things I have  
They don't add up it's time I took a stab  
Straight to the heart  
Of the feelings I perceive  
I can't stay here when Seattle's pulling at my knees

But what you give you get  
And I'm not giving in  
But what you give you get  
Will I give up again

I faced the facts  
Of where I'm heading towards  
And it's not where I want to be  
I'll turn my back  
Making my own path  
Look for me on a flyer  
That's when you know that I'll be back

I know you'll wonder how  
I get by with these long drives and sleepless nights  
So many rest stop fights  
But we'll keep driving on  
In the currents  
We'll keep driving on  
In the currents

But what you give you get  
And I'm not giving in  
But what you give you get  
You gave it all away

I faced the facts  
Of where I'm heading towards  
And it's not where I want to be  
I'll turn my back  
Making my own path  
Look for me on a flyer

That's when you know that I'll be back

Well it's safe to say  
I'm not coming home!
