

Away With You

Getting caught, it's the pits, we learn to get away with
It, and just like that oh no, oh no, oh no caught again

Help yourself to servitude, readjust your attitude and
Just like that you're nothing, something, but nothing
That you want to be

That's the price you pay for the truth
That's the price you pay for the truth
That's the price you pay
You burn just a little as you learn a little more

Seroquel for the moods
But there is nothing for being rude
And just like that, it's nothing, something
But nothing that you want to feel

You learn just a little as you burn a little more
You burn just a little as you burn a little more
