We all have a special meeting  
In a special place  
You're afraid of dying ?  
What's your problem  
You go and see the high above and the high below  
Allow me to introduce myself  
I'm clyde and here's my friend bonnie  
Unknown creatures from an unknown planet  
Placed for an unknown destiny  
This uncounter leads us to one decision  
Live freely with the conviction  
That death will not set up apart  
Well you see when i first met bonnie  
It was from the sight of her thigs  
And her from a glimps in my eyes  
No lies  
It was love at first sight  
We couldn't wait for the night  
It feels better when the lights out  
Alright find out how bats fly in the dark...  
In the dark love and death meets  
In the light ! Real light meets  
Babe i'm talking about the real light  
And in the real light  
Everyone meets everyone meets...  
You know the story more than i  
To live and to die  
We're comming back to take your guns  
And outlive your lies  
We are not afraid of being despised and penalised  
By your earthly rules  
For we conquer love  
And to conquer is to be conquered  
We all have a special meeting in a special place
