There are time when I look in your eyes
I see the love that we share
I see the Joy inside
But I didn't see the feelings you hide
And Now your saying goodbye
Because your love is done
And All I can think about is you
The way you say You love me too
And everytime I close my eyes I see your face
My love can never be erased
If you can never be replaced
Baby...
(Chorus)
Baby girl
Why don't you come back to me
Why don't you love me anymore
Baby girl, you know I still care for you
You know I will love you forever more
There are times when I kiss you goodnight
I feel the love that we share
I feel the joy inside

But I didn't feel what you tried to hide
And now your saying goodbye
Because you feeling is done
And all I can think about is you
The way you say you love me too
And everytime I close my eyes I see your face
My love can never be erased
If you can never be replaced
(chorus 4x)
All I can think about is you
Till you say you love me too
And everytime I close my eyes
All I see is your face
My love can never be earased
If you can never be replaced
(Chorus 4x)
