Everyday I used to feel the pain
And everyday I used to wait in vain, again and again
And everyday I used to long for tomorrow,
Till your love took away my sorrow

I used to wish upon a star
Just to find out where you are
Sweetness opened up my heart

Chorus:
Don't you know that I'm flying
I'm flying (woo)
Don't you know that I'm flying
I'm flying
I fly on wings of desire
Set my heart on flight, you know I'm flying

Everyday I used to wonder why
And everyday I used to wait, hope, pray and cry
And everyday used to be so cold,
From now on, I've got you to hold oh yeh

Used to wish upon a star
Just to find out where you are
Sweetness opened up my heart

Don't you know I'm flying (way above the clouds)
I'm flying (show me what love's all about)
Don't you know I'm flying (shout it out loud)
I fly on wings of desire
Set my heart on flight, you know I'm flying

Feels so good
Shout it out loud

Feels so good, feels so good, feels so good yeh
Feels so good, feels so good, feels so good yeh

I used to wish upon a star
Just to find out where you are
Sweetness opened up my heart

Don't you know I'm flying (way above the clouds)
I'm flying (show me what love's all about)
Don't you know I'm flying (shout it out loud)
I fly on wings of desire
Set my heart on flight, you know I'm flying

So much love, so much love yeh

And it feels so good

You and me, you and me
