oooh oooh oooh oooh...

Love leads to laughter, love leads to pain
You by my side I feel good times again
Never have I felt this feeling before
You showed me the world
How can I ask for more

Chorus 1:

And although there's confusion we'll find a solution,
to keep my heart close to you
And I know, yes I know
if you hold me, believe me, I'll never never ever leave

Chorus 2

And I know, there is nothing that I would not do for you
forever be true
And I know, although times can be hard we will see it
through
im forever in love with you

Show me affection in all different ways
Give you my heart for the rest of my days
With you on my troubles I left far behind
Like heaven on earth when I look in your eyes

Chorus 1

Chorus 2

Bridge:

No need to cry,
I'll be right by your side
(right by your side)
ohhh
Lets take our time
Love won't run dry
If you hold me, believe me
I'll never never ever leave

Chorus 2

And I know,
there is nothing that I would not do for you
Forever be true
And I know (oh i know),
although times can be hard we will see it through
Im forever in love...with you
