You and I
cannot hide
the love we feel inside
the words we need to say
I feel that I
have always walked alone
but now that ur here with me
there'll always be a place that I can go
n suddenly our destiny
has started to unfold
wen ur next to me
I can see the greatest story
love has ever told

now my life is blessed with the love of an angel
how can it be true
somebody to keep the dream alive
the dream I found in you
I always thought that love would be the strangest thing
to me
wen we touch, I realize
that I found my place in heaven by ur side

I could fly
wen u smile
I'd walk a thousand miles
to hear you call my name
now that I
have finally found the one
who will be there for me eternally
my everlasting sun
suddenly our destiny
has started to unfold
wen ur next to me
I can see the greatest story
love has ever told

now my life is blessed with the love of an angel
how can it be true
somebody to keep the dream alive
the dream I found in you
I always thought that love would be the strangest thing

to me
when we touch, I realize
that I found my place in heaven by your side
that I found my place in heaven by your side

And when you're next to me
I can see
the greatest story love has ever told

Now my life is blessed with the love of an angel
how can it be true
somebody to keep the dream alive
the dream I found in you
I always thought that love would be the strangest thing
to me
when we touch, I realize
that I found my place in heaven by your side
