I'll be lovin you forever
Deep inside my heart you'll leave me never
Even if you took my heart and tore it apart
I would love you still forever

You are the sun, you are my life
And you're the last thing on my mind before I go to
sleep at night
You're always 'round when I'm in need
When trouble's on my mind you put my soul at ease
There is no one in this world, who can love me like you
do
So many reasons that I wanna spend forever with you

I'll be lovin you forever
Deep inside my heart you'll leave me never
Even if you took my heart and tore it apart
I would love you still forever

We've had our fun, and we've made mistakes
But who'd have guessed along that road
We'd learn to give and take
It's so much more than I could have dreamed
You make loving you so easy for me
There is no one in this world, who can love me like you
do
That is the reason that I wanna share forever with you

I'll be lovin you forever
Deep inside my heart you'll leave me never
Even if you took my heart and tore it apart
I would love you still forever

And girl I pray you'll leave me never
'Cause this is the world where lovers often go astray
But if we love each other, we won't go that way
So put your doubts aside to what it takes to make it
right
'Cause I'll love you, forever
No one can tear us apart

I'll be lovin you forever [forever]
Deep inside my heart you'll leave me never [Won't ever
leave]
Even if you took my heart [took my heart] and tore it
apart [and tore it apart girl]
I would love you still forever

repeat chorus til fade

[I just want you to know that
I can't eat, I can't sleep
I can't breathe whenever I'm without you
When we walk. I stand tall
When I talk, I only talk about you girl]
