Dreams of love, a secret is with you,  
I think of how our love could be,  
But all my friends say I'm a fool,  
I don't care what people have to say,  
Whenever I can, I'll be there for you,  
I am sure ill find a way.

What ever you do, don't break my heart,  
Wherever you go, we'll never part,  
Cause I know our love is strong enough,  
And you'll always be my secret love.

You and I, its like the book of love,  
I must have read a thousand pages,  
But it seems its not enough,  
I wish I could give the world to you,  
And when I see a falling star,  
Then ill make that wish come true.

What ever you do, don't break my heart,  
Wherever you go, we'll never part,  
Cause I know our love is strong enough,  
And you'll always be my secret love.

Out of love, out of hate, make me understand,  
Baby please, all I need is to see,  
What it takes for me to win a love, your love.

What ever you do, don't break my heart,  
Wherever you go, we'll never part,  
Cause I know our love is strong enough,  
And you'll always be my secret love.

And you'll always be my secret love,  
And you'll always be my secret love,  
My secret love,  
Ohh baby, oh yeah,  
Forever
