I used to say, everyday,
We will always be this way
Flyin' angels liftin' high.
To reach the sun, where I belong,
Girl you know you are the one
Above the clouds I see you cry.

[Chorus]

You know that when you smile you stop the rain,
And we will be together once again

Although I'm gone, remember me
Please be strong, I'll never leave
And just hold on to the memories,
Coz while I'm here, all I'm thinkin' about is Tomorrow

I've always known,
The love you've shown
Means you'll never be alone
There'll be times you wonder why.
But seeing you with someone new
Used to make me feel so blue,
But now I'm with you all the time.

[Chorus]

You know that when you smile you stop the rain,
And we will be together once again

Although I'm gone, remember me
Please be strong, I'll never leave
Girl, just hold on to the memories,
Coz while I'm here, all I'm thinkin' about is Tomorrow

From the moment that I looked into your eyes
All of my life I thought I'd be there,
By your side.
I wish I took the time to find the words to say

[Chorus]

You know that when you smile you stop the rain,
And we will be together once again

Although I'm gone, remember me
Please be strong, I'll never leave
Just hold on to the memories,
Coz while I'm here, all I'm thinkin' about is Tomorrow

Coz while I'm here, all I'm thinkin' about is Tomorrow
