Be careful what you do, cause god is watching your every move.

Hold my hand in the dark street, for if you do I know that I'll be safe

Even if I'm far away and alone, I can be sure you will find me there

This I know.

You draw me close for a while, so quiet.

You tell me everything.

If I forget what you say, then you come to me and tell me again.

Yes you tell me once again.

But what happens when, I know it all then what should I do after that?

What then?
