Brainchild...

Why does the sun shine?
And why does it rain?
Why does it get dark again?
Where the storms come from?
Why do flowers come out at spring?
Why am I so sad?
Why do people go to war?
And why do people have to die?

Brainchild...

Did god make you?
Did god make me?
Who made god?

Why does the sun shine?
And why does it rain?
Why does it get dark again?
Where the storms come from?
Why do flowers come out at spring?
Why am I so sad?
Why do people go to war?
And why do people have to die?

Brainchild...
