Remember when you told me
That we'd never be apart
When I never saw the holes in your words
I'm guessing all the problems
That you bottled up inside
Fueled the fire that got me burned

I was your world
Your only girl
But you turned it all around

My heart is beating on the floor
But I can barely breathe
You tore me down with what you did
And left me there to bleed
But I'll pick it up, I'll pick it up
I'll get down on my knees
And I'll pick it up, I'll pick it up tonight
I'll pick it up
I'll pick it up

I'm keeping it together
Reminiscing on the days
But I'm only hanging by a thread
No, 'cause I know that you are with her
And you're happy in her arms
It's the truth I'm trying hard to forget

I was your world
Your only girl
But you turned it all around

My heart is beating on the floor
But I can barely breathe
You tore me down with what you did
And left me there to bleed
But I'll pick it up, I'll pick it up
I'll get down on my knees
And I'll pick it up, I'll pick it up tonight

I'll do what I need to do
To get my mind off of you

Give me time
Give me time

My heart is beating on the floor
But I can barely breathe
You tore it out with what you did
And left me there to bleed
But I'll pick it up, I'll pick it up
I'll get down on my knees
And I'll pick it up, I'll pick it up tonight
I'll pick it up
I'll pick it up

Pick it up, pick it up
I'll get down on my knees
And I'll pick it up, I'll pick it up
Tonight
