show me a sign  
give me a meaning  
tell me why  
why can't we see

see through the moonlight  
live through the day

give me a meaning  
show me a sign  
makes me feel like flying  
makes me feel so high  
takes me on a journey  
fly me to the light

makes me feel like flying  
feels so good inside  
makes me feel like flying  
show me a sign

show me a sign  
give me a meaning  
tell me why  
why can't we see

see through the moonlight  
live through the day

give me a meaning  
show me a sign  
makes me feel like flying  
makes me feel so high  
takes me on a journey  
fly me to the light

makes me feel like flying  
feels so good inside  
makes me feel like flying  
show me a sign

makes me feel like flying

makes me feel so high  
takes me on a journey  
fly me to the light

makes me feel like flying  
feels so good inside  
makes me feel like flying  
show me a sign

makes me feel like flying  
makes me feel like flying  
makes me feel like flying  
makes me feel like flying  
show me a sign
