Well nobody seemed to listen  
Nobody seemed to understand  
Well now nobody seemed to listen  
Nobody seemed to understand  
Just give me half a chance  
To show who I really am

Well I might not have looked like what you want me to  
Or be as sure as you may be  
Well I might not have looked like what you want me to  
Or be as sure as you may be  
Well don't judge me Baby,  
Until you know the real me

Well I might seem a little quiet  
But maybe I ain't got anything to say  
Well I might seem a little quiet  
But maybe I ain't got anything to say  
Well that's a bad bad shame  
If you see me that way
