People let telling me
To stay away from you
But i can help myself
Just don't no what to do
Even out can't they stay say
You want change anyway
But i can help myself
I just can help myself

People let telling me
To keep away from you
But they won't never understand i much I feel for you
Even out can't they say
You want change anyway
But i can help my self still believing

Better days , better days, better days, better days (x2)

People let telling me
To stay away from you
But i can help myself
Just don't no what to do
Even out can't they stay say
You want change anyway
But i can help myself
I just can help myself

People let telling me
To keep away from you
But they will never understand i much I feel for you
Even out can't they stay say You want change anyway
But i can help my self still believing

Better days , better days, better days, better days (x2)
