Truth will reach you some day
All that I can do is wait
I hope that we can talk, talk one day
May your words bring back my faith

For there were too many lies,
And never much of the truth
Some bad ingredients have spoilt the soup

Right now I'm lonely
You're lonely
We're lonely
'Cause I need you
And you need me
Right now I'm lonely
You're lonely
We're lonely
'Cause I need you
And you need me

What are we gonna do now ?
I don't know if we will find a way out
For there were too many lies,
And never much of the truth
Some bad ingredients have spoilt the soup

Right now I'm lonely
You're lonely
We're lonely
'Cause I need you
And you need me
Right now I'm lonely
You're lonely
We're lonely
'Cause I need you
And you need me

Tables will turn, turn one day
Clouds will disappear,
For we shall see away
And the trust that I had in you
Will come back and find me

Please come back and find me
You know that we...

Right now I'm lonely
You're lonely
We're lonely
'Cause I need you
And you need me
Right now I'm lonely
You're lonely
We're lonely
'Cause I need you
And you need me

I need you and you need me
