I don't need the sun  
Don't need the moon  
Now that you're here  
God gave me both in you

I don't need to sleep  
Only need to look at you  
Then I'll be awake  
Much more than any rest could do

Through you I got heaven on earth  
Boy, you're my paradise  
The very beat of my heart  
Only you can ease my mind

Whenever I feel sad and blue  
I'll be happy again  
If only I look at you

I've never felt so deep in love  
Never been so close to God  
I've never felt so much joy  
I've never, I've never

I've never known a love like this  
Now I know something I won't miss  
You my love, my sunshine  
The most important thing in my life

I don't need  
Anybody else but you  
'Cause ain't nobody makes me feel  
The way you do

You're the sweetest thing  
I've ever known  
Now that I'm with you  
I'll never be alone

I've never felt so deep in love  
Never been so close to God  
I've never felt so much joy

I've never, I've never

I've never known a love like this  
Now I know something I won't miss  
You my love, my sunshine  
The most important thing in my life

Never, never, never felt so deep in  
Never, never, never felt so deep in  
Never, never, never felt so deep in  
Felt so deep in love

Never felt so deep in love, yeah, yeah  
Never felt so deep in love, yeah, yeah  
Yeah, yeah, yeah

Never, never, never felt so deep in  
Never, never, never felt so deep in  
Never, never, never felt so deep in  
Never felt so deep in love
