Behold: the Star Towers of the Electric Castle! See how
it embraces the sky! How insignificant
The mere mortal, dwarfed by the majesty of its electric
edifice! But first, my seven searchers -
You must meander through the verdant vines of the
Garden of Emotions. Succumb to its allure.
Breathe deep the intoxicating aroma of endless,
entwined emotions...

[A. IN THE GARDEN OF EMOTIONS]

[hippie]

It's kinda groovy
In this world of fantasy
Where no one else can go
Within these boundaries
I'm shielded from reality
Without a care or woe

[egyptian]

Amon-ra, have you come to seal my fate?
In the garden of emotions
Free my ka, how much longer must I wait?
In the garden of emotions

[hippie]

I roam the universe
In cosmic meditation
To find my inner me
I'm getting high on love
And spiritual vibrations
To set bad karma free

[egyptian]

Amon-ra, have you come to seal my fate?
In the garden of emotions
Free my ka, how much longer must I wait?
In the garden of emotions

[B. VOICES IN THE SKY]

[roman]

Take up arms and follow

[barbarian]

Hey, who are you to take the lead?

[roman]

I will keep you all from harm

[barbarian]

So what kind of god do you think you are?

[roman]

A warrior is what I am

[barbarian]

No I'm the wolf and you are but a lamb

[roman]

If you doubt my force you'll live no more

[barbarian]

You will end your war upon my sword

[indian]

"and voices in the sky

Shall cause the soul to die"

[roman]

We'll break away by my command

[barbarian]

No we'll crush our foe and quell this land

[roman]

You cannot kill what's already dead

[barbarian]

Whoever rivals me will lose his head

[roman]

You'll endanger all our precious lives

[barbarian]

Well I don't care, I will survive

[roman]

I'm the only one who can set us free

[barbarian]

Go and chase your ghosts and leave me be

[indian]

"and voices in the sky

Shall cause the soul to die"

[C. THE AGGRESSION FACTOR]

[indian]

Fury and fear

[futureman]

It must be feeding on our negative emotions

[knight]

Chivalrous and bold
Pitiless and cold

[indian]
Destiny's near

[futureman]
We're at the mercy of some vile computerscheme

[knight]
Valiant and true
Treacherous and cruel

[indian]
Spirits appear

[futureman]
We'll have to try to hide our antagonistic notions

[knight]
Chivalrous and bold
Pitiless and cold

[indian]
The legend is here

[futureman]
If we ever want to end this future dream

[knight]
Valiant and true
Treacherous and cruel

[indian]
Fury and fear

[futureman]
We have to free our minds from anger and aggression

[knight]
Chivalrous and bold
Pitiless and cold

[indian]
Destiny's near

[futureman]
It's the only way to defy this cold machine

[knight]
Valiant and true

Treacherous and cruel

[indian]

Spirits appear

[futureman]

If we're to stand up to to this emotional oppression

[knight]

Chivalrous and bold

Pitiless and cold

[indian]

The legend is here

[futureman]

We had better stand together as a team

[knight]

Valiant and true

Treacherous and cruel

[egyptian]

Amon-ra, have you come to seal my fate?
