Giving should be unconditional
Just like love to a child, pure and regardless
Love should be within everybody's soul
Just like water, pure and natural

Everybody shares joy and laughter
How come we can't share, share our tears?
If it is real love we are after,
We've got to subdue our fears
We've got to

Generosity is what the world needs most
If you give unstintingly
God will bless you and help you grow
Be yourself, let your spirit flow
You got the power, you're in control
This life isn't always beautiful
But we all know, we all know,

Everybody shares joy and laughter
How come we can't share, share our tears?
If it is real love we are after,
We've got to subdue our fears

Everybody shares joy and laughter
How come we can't share, share our tears?
If it is real love we are after,
We've got to subdue our fears

Say we've got to love (we've got to love)
Say we've got to care (we've got to care)
(We've got to be there for each other)
Say we've got to share (we've got to share)
Our joy (we've got to share our joy)
Our tears (we've got to share our tears)
Our hopes (we've got to share our hopes)
All of our fears (we've got share our fears)

Say we've got to love (we've got to love)
Say we've got to care (we've got to care)
(We've got to be there for each other)

Say we've got to share (we've got to share)
Our joy (we've got to share our joy)
Our tears (we've got to share our tears)
Our hopes (we've got to share our hopes)
All of our fears (we've got share our fears)

Say we've got to love (we've got to love)
Say we've got to care (we've got to care)
(We've got to be there for each other)
Say we've got to share (we've got to share)
Our joy (we've got to share our joy)
Our tears (we've got to share our tears)
Our hopes (we've got to share our hopes)
All of our fears (we've got share our fears)
