Yuki yamu made I want to be left alone.

I want to escape to a place where no one knows me.
That I'm wrong about that, that it's my fault,
is all my heart has. I don't need tomorrow.

Can I cry as much as I want to ? Until my tears wither
away.
The white snow flows and muffles my tears.
Please help me.

I don't have even one regret.
I've always been living in the present
So that I don't leave even a single trace or footprint,
The candle melts down, this light is extinguished.

Can I scream at the top of my lungs ? Until my voice
withers away.
The white snow will forgive me for everything.
Please.
I spread my arms wide. I just want to gather the shining
snow.
But why? It's so fleeting...

Can I cry as much as I want to ? Until my tears wither
away.
The white snow flows and muffles my tears.

Can I scream at the top of my lungs ? Until my voice
withers away.
The white snow will forgive me for everything.

Can I cry as much as I want to ? Until my tears wither
away.
Can I shout loudly? Until my voice withers away.

Can I cry as much as I want to ?
Can I scream at the top of my lungs ?
Until the snow stops.
