Now how ya'll chickens gon fuck with a roaster  
When you walk in the room shit what a loser  
Even mtv know I got a sweet sixteen  
Murder that inc yea my pen is surpreme  
Cash u got bitches on deck bring them all in  
We gon party with them all night to the morning  
They boring when these dudes rap I be yanning  
Keep the drinks coming everybody be pourin  
Who do I trust me that's who  
Bring the nose drop a track yes that's true  
Get it I got it whatever it's for the paper  
Hut 1 hut 2 don't fumble it's for the paper  
I eat dinner in the morning breakfast at night time  
Yea wally cakes I got a tight grind  
I'm working everyone went to sleep  
Bring the nose wake them up they still asleep
