It's b cakes bitch should I say more
If it's a game then you better check the score
Waitin for some more money then going straight to the
mall
Do it like sance at warrendale start a brawl
Put it on the line yea I placed my bet
You say your big but I don't see you as a threat
We hustle that's how we go and eat our dinners
When the game over we leave like winners
They looking with a flashlight in the daytime
Cause the cash right here in the words that I rhyme
It's we high we roll like dice cubes
I like a girl fat ass and nice boobs
They say the truth shall come under the light
I guess the spotlight on me when I have the mic
Yea here we go again gettin this dough again
Styling on you bitcches I'm doing it all again
I can see you feel it give me a track I'll kill it
Don't worry about how I get my money just kno I get it
If you wanna be hot then u need the heat
All u need to do is start a flow then follow the beat
U fuckin with those guys that's countin pennies
I be that dude that's countin twenties
See my money talk I don't think u understand
I'm doing good this is just what I planned
Got a good fan base but I'm trying to expand
Don't try to fight back cause I got the upper hand
This chick come up to me and say u smell like dough
I said keep your nose outta my bessniss hoe
My sick yes I got the flew from this
I'm next up to bat I thought u knew this
I'm workin hard ya'll some haten fucks
But it don't matter cause I'm here makin bucks

[Hook:]

It's we high records
We makin them bucks
It's we high records
Ya'll some haten fucks
It's we high records
We startin them fights
It's we high records

We makin things right
