tvoje ruke u neskladu
izmedju zbilje i sna
gledam grad u prolazu
neki ljudi iza nas
(c'mon take me with you
you can do what ever you want to me
c'mon take me with you
gracia)
govoris mi da si slobodna
zelim vjerovati u to
ulica u odsjaju
zaludjujes me pogledom
(people usually wanna know
hey man is that the truth
what can I say except
yes she was then a good bitch
without scruples and spoiled
but a masterpiece
with very good teats indeed)
trazim ritam u koraku
usporavam ti hod
slusam kako zapitkujes
uzvracam ti osmjehom
(c'mon take me with you
you can do what ever you want to me
c'mon take me with you
gracia)
