turn and watch me as i go by
sometimes those bad vibes
attack my brain
like machine gun fire

turn and watch me as i go by
sometimes even sorcery doesn't help
there are too many dark
nameless faces

allow yourself to fall in love
cast your spell on the ideal
whose city is without streets
high above the trains
my name is anarchy
allow yourself to fall in love
cast your spell on the ideal
my name is anarchy

turn and watch me as i go by
sometimes i can't understand a thing
the rattliny of heavy keys
wakes me at dawn

turn and watch me as i go by
sometimes i want to talk to you
just the blink of an eye
in the hollow silence
i'll ask you if you know
why stupidity always wins
why do you want to live
in the shadow of the gods

allow yourself to fall in love
cast your spell on the ideal
whose city is without streets
high above the trains
my name is anarchy
allow yourself to fall in love
cast your spell on the ideal
my name is anarchy
