if you ever passed through the vondel park  
on a sunny afternoon  
when a band is playing  
(hallo dave)  
have you ever touched the sweet amsterdam  
nights  
then  
play  
grass dope freaks and people on the  
streets  
let's go dave  
i saw a joke on your face  
come on man  
play on a sunny afternoon

(look we also supply the little lines too  
and we put some small colors in front of  
you)

what do you want to be when the right  
stuff plays  
i'll show you a pretty common man  
what do you want to be when azra comes  
i'll show you a pretty common friend
