what am i supposed to do
when all my friends take off and leave
when the girl that i've been watching goes

what am i supposed to do
and that's how it's day after day
playing for people in the streets
of course someone always stops to listen
if only for a moment
nothing's important anymore
i found a good band
i just want to play
to cut loose
and that's it
what am i supposed to do

people keep on asking
why are you so nervous
people keep on saying
don't be so rotten
mortal lips whisper
don't raise the dust avoid trouble
they'll have your head
nothing's important anymore
i found a good band
i just want to play
to cut loose
and that's it

people keep on asking
why are you so nervous
people keep on saying
don't be so rotten
mortal lips whisper
don't raise the dust avoid trouble
they'll have your head
nothing's important anymore
i found a good band
i just want to play
to cut loose
and that's it
