all my life I never stopped to worry about o thing  
opened up and shouted out ond never tried to please  
wondering if I've done it wrong  
will this depression last for long  
once we had a lonely ride and always talked the same  
time was on my side and we had everything to gain  
let it be like yesterday  
is that me or happy days  
won't you tell me  
where have all the good times gone  
ma and pa look back on all the things they used to do  
never had it easy and they always dreamed the truth  
daddy didn't need no fucki' toys  
mammy didn't need no criplle boys  
yesterday was such an easy game for you to play  
but then let's face it things are heavier today  
guess you need some bringing down  
get your feet back on the ground  
won't you tell me  
where have all the good times gone
