[Intro]

5...4...3...2...1...0 \*explosion\*

[Inspectah Deck]

Yea, this is the poisonous, venomous

Killa-Bee, queen bee connection

Live and direct

Shaolin, BK, QB, Boogie Down, wherever you found

Yo, yo, deadly venom is how we end 'em

Mast avenge 'em, no friend of him, bend 'em in half for  
enterin

My comrodery move like tight security

Known to tear the club up plus the after party

On the battle field catch a body

With no fair warnin, my queen bee connect swarm on  
'em

Primate, hold your mic straight before you challenge  
'me

Your light weight and only force me to cause casualty

Battery packs catch match mines with the solar  
powered, they get over powered

Shower with rhymes just like white lines of powder

Feel the realness from bein solo with this crowd here

[J-Boo]

Yo, yo, yo, this time we takin no shorts for sure

I'm comin through, smash you motherfuckers to the  
floor

Whoever wanted war, yo, bring it

If you got the sword, I'ma swing it

Slither back to the pit when my phone started ringin

Yo, come here, what's up, niggaz rock to get stuck

Niggaz runnin through the chamber they aint givin a  
fuck

Cuz I'm deadly, I'ma set the pace like a medly

Relay, who could match the venom on the replay

[Finesse]

Aiyyo, the bitch nice and catch crack like dice

Give 'em a double order of man slaughter on the tape

recorder  
Fuck the law and order, tape muffled and distorted  
All you heard was murderous shots, the rest was pre-  
recorded  
The jury voted, I'm a free venom, hittin niggaz with the  
momentum  
Even villains wanna get up in 'em  
The feelin's devious from the previous  
With the way we leavin this is sure to make snakes hiss

[Method Man]

It be I, the most high, fly robin fly  
Keep a close eye on Johnny 5, I'll be comin live  
From New York, it's saturday night  
So it's only right, I step to the phony types  
See 'em in the party actin hard, but the hardly a threat  
to the vet  
Once you start me, no stoppin, no pardon me  
No coppin a plea, I beat you in the head, third degree  
What's the science, the 411, can't do me none  
Still ghetto, I rhyme ghetto, my brother's ghetto  
Never say die and never settle  
For anythin less than what the devil possess  
I'm like MOP to the death  
Now who is Johnny Blaze, Mr. Meth  
Motherfucka

[Chorus: J-Boo, (Cappadonna)]

Hittin fever, come with the raw  
Deadly Venom meet the Wu, no more to come, now  
what is left to do  
(Ghetto collaborations, such a deadly combination  
Face to face, Shakin your earth, rockin your nation)

[Champ MC]

Yo, yo, yo, Sons of fishes rollin with a devious Clan  
I got a master plan how to blast your man  
Gettin lyrical, fightin your feelin deep in your mental  
Like a pencil all in your brain, killin your spiritual  
The original, fishin y'all, rollin with a bunch of criminals  
Street gunner, Venom strike like thunder  
This is shit that'll stop your hunger  
Ready for war, let me let you get a taste of the raw  
Comin through with the Clan so you won't get far  
Batters and scars, all respect due to the gods  
And my queen killa-bees just collectin that cheese  
Overseas, gettin ready for the year 2G, DVs

(Poison Clan rocks the world)

[Cappadonna]

The pillage, yo, I'm a great commodity  
For see me, the unchained magnetic  
I release mine, fuck y'all, I piece mine together  
To the third power, hit y'all like may flowers  
Scandal, slash three felonies to be the one six vandal  
From Park Hill, Shaolin put the work in  
Dusk do us dawn, Lebanon Don  
Don't sleep on the adversary  
Mental niggaz stalk y'all out on the ferry  
You got trapped in between pillage  
And the venoms, cherry heads are minimum

[N-Tyce]

Yo, yo, yo, projects of elimination  
We jack some like Rhythm Nations  
Got your hard speed like we drag racin  
We lab replacin, but tried to avoid a confrontation  
You kind of mixed up like Tiger Woods with that  
combination  
I ain't calling no names, here's a hint  
Niggaz with no brains, antique things, gold chains  
Do the mind to visual, 'bout the coolest Carolina  
Individual, everythin digital, like Bobby  
I'm lovin all them kung-fu flicks, poison 'em highly  
I'm quickly on the run through clicks, but fast in a hurry  
When I smash, leave your vision blurry  
Tryin to make the bill like Murray

[Chorus]

[Finesse]

Yo, on the french kiss, sour than blood, hotter than piss  
You ventriliquist talkin out your ass like this  
Cuz I insist that you don't wanna show the tape of the  
hits  
I told y'all, I crush y'all on the tape like Quake  
You tweaky trick, wanna violate, great, Wu and Venom  
annihilate  
Don't hesitate to push the rhymes like weight  
You Shake, Jake thing

[Streetlife]

Yo, PLO, when the guns blow, you'se a no show, homo  
Holdin like a scarecrow with no dough  
Street pro's move through the metro  
Rapidly my faculty quick to blow the boost out your  
battery  
My african queen bees is backin me, shuttin down your  
salary  
J-Boo twist another Daquiri, fifty steamboat float  
Flow on this scenario, hydro thoughts lick off like a

callico

[J-Boo]

Yo, yo, yo, let's get it on, mic's get blown when you step  
into my zone

Heads get flown for tryin to clone

I take that, now you got wanna go on

so go on, play your part, hold on, while I flow on

I keep it tight, rip all sides to a square

You ain't seen no thugs like these no where

I swear, you wanna test me, how can it be

Rollin with the Fam, Wu-Tang, DV's

[GZA]

Yo, I dead MC's with this poisonous venom

Return and send 'em, wack niggaz is in 'em

The secretly analyzed, these chicks is live

I see the allies tryin to stalk the bee hive

Forgot the deadly stingin was major bell ringin

Too strong for niggaz with eyes closed and slingin

Made your point, spot your target and zoom in

Before its too late, saw the snake through his hand  
shake

Aimin your darts at a click you can't handle

Attack with the pace of those who travel on camel

A warm sigh as you cross the barrier

But my storm side, will destroy ya area

[Chorus 2X]

"Poison Clan rocks the world" (2X)
