"Nowhere Girl"

Nowhere girl, you're living in a dream
Nowhere girl, you stay behind the scenes
Nowhere girl, you never go outside
Nowhere girl, because you prefer to hide

Every day, every night
In that old familiar light
You hung up when I called you at home
And I try to get through
And I try to talk to you
But there's something stopping me
From getting through

Nowhere girl, what you have you need
Nowhere girl, all functional and neat
Nowhere girl, in self enforced exile
Nowhere girl, a martyr like denial

Every day, every night
In that old familiar light
You hung up when I called you at home
And I try to get through
And I try to talk to you
But there's something stopping me
